Governor Roy Cooper speaking at the 2nd Annual NC Military Hall of Firsts in Downtown Raleigh's NC Museum of History.

FROM THE GOVERNOR

North Carolina is proud to be home to so many people with ties to our military. Whether you currently serve in our nation's Armed Forces, National Guard or Reserves, or you're a veteran or the loved one of a vet or active-duty member, I am deeply grateful to you.

More than one million service members, guardsmen and reservists, veterans, and their families live in North Carolina, and my administration works tirelessly to ensure they receive the benefits, recognition, and respect they deserve. In fact, through our N.C. Department of Military and Veterans Affairs (NC DMVA), we've helped veterans and their families secure millions of dollars in retroactive earned benefits.

As the home to the largest populated U.S. military installation and several other renowned military installations, North Carolina is the vanguard for military training and experience. When these highly trained and skilled soldiers, sailors, Marines, airmen, and Coast Guardsmen transition to civilian life, we want them to stay in North Carolina. We're pleased that North Carolina continues to rank among the top 10 destinations in the United States for veterans after their service career.

As part of my administration, the NC DMVA is dedicated to making sure North Carolina remains the most military and veteran friendly state in the nation. We are pleased to share with you the 2024 NC DMVA Resource Guide – with answers to all kinds of questions a North Carolina veteran or family member may have. It includes resources for finding a service office, applying for a scholarship, locating state veterans skilled care homes, starting a business and more. NC DMVA strives to make the Resource Guide user-friendly for service members, veterans, and their families.

As Governor, I am committed to ensuring that every active-duty service member, military veteran, and their families know that we respect and value their extraordinary sacrifice and contribution to North Carolina and the United States of America. You are always home in North Carolina.

Roy Cooper, Governor
State of North Carolina

MISSION STATEMENT:

The North Carolina Department of Military and Veterans Affairs (NC DMVA) supports both active and reserve uniformed military personnel and their families; military installations and communities; and military veterans and their families in North Carolina. The Department seeks to provide timely and responsive engagement to enhance NC's current military and veteran friendly environment. In addition, the Department also seeks to foster and promote business, technology, transportation, education, economic development, and healthcare for the above communities. Lastly, the Department works to accomplish these services by providing assistance and coordination between the Federal Government, the State of NC, its political subdivisions, and collaborative and supporting agencies.

VISION STATEMENT:

NC DMVA assists transitioning Military Personnel and Veterans as well as their families with receiving the services and benefits they have EARNED. Additionally, NC DMVA coordinates with our bases and facilities to maintain and improve their operational capability as well as the viability of the surrounding communities.

DOD SKILLBRIDGE PROGRAM

Connecting transitioning Service members to occupational training.

skillbridge.osd.mil/military-members.htm

Learn more about how to participate in DoD SkillBridge:
skillbridge.osd.mil/military-members.htm

ABOUT THE PROGRAM

DoD SkillBridge programs provide our retiring and transitioning Service members the opportunity to participate in industry training programs while transitioning out of their Military careers.

The DoD covers Military pay and benefits during a Service member's time in a SkillBridge program, providing an invaluable experience for the Service member and the Industry Partner.

Program partners include employers in all career fields such as **Amazon, John Deere, Lockheed Martin, UnitedHealth Group,** and the **U.S. Veterans Administration** — and hundreds more!

PLAN FOR YOUR FUTURE

Career and transition planning is important to your success and begins with basic training.

Just as military occupational training is mission-critical to your Service, continual career tooling is critical to your occupational success.

The DoD SkillBridge program is an excellent opportunity as you plan for your life after the military.

SkillBridge matches civilian opportunities to your job training and work experience at the end of your military duty.

You may be eligible to participate in SkillBridge if you have 180 days of service or fewer remaining prior to your date of separation and you have at least 180 continuous days of active service.

LEVERAGE YOUR BENEFITS

In addition to opportunities such as Tuition Assistance and the GI Bill program, you can enhance your marketability and post-separation career prospects by participating in a SkillBridge opportunity.

THE AMERICAN LEGION

Veterans proudly serving America for nearly a century

When it comes to assisting veterans and helping members of the U.S. Armed Forces make the transition to civilian lives, no one does it better than The American Legion. Since its founding in 1919, The Legion has been assisting generations of veterans and their families. As the nation's largest veterans service organization, the 2.3 million member American Legion is at work every day throughout the country and beyond, ensuring that those who served our nation in uniform, and their families, receive the care, support, honor and services they earned and deserve.

Veterans Advocacy

- Nearly 3,000 accredited American Legion service officers are working with veterans on nearly 750,000 VA claims right now.
- The American Legion is working with VA in Washington and across the country to improve access to care, performance and claims processing.
- Legion volunteers annually log millions of hours and raise millions of dollars for VA health-care facilities nationwide.
- As the voice of the stakeholder and advocate for the health-care provider, the Legion works continuously for adequate VA funding and staffing.

TROOP SUPPORT

Worldwide, The American Legion provides tireless support, a voice in Washington, financial assistance, volunteer help, comfort items and more for the men and women who serve our nation in uniform, along with military retirees and their families.

YOUTH

American Legion youth programs offer healthy, educational and wholesome activities for thousands of young people every year. Among the programs are American Legion Baseball, Boys State and Boys Nation, Junior Shooting Sports and oratorical competition.

AMERICANISM

The American Legion proudly stands for the values symbolized by the flag under which members of our Armed Forces have served. U.S. flag education, voting, citizenship and naturalization programs and patriotic leadership are all part of that landscape.

COMMUNITY

Each American Legion post offers a unique set of community services, from Boy Scout leadership to after-school programs to support for children's hospitals and local charities. Through more than 13,500 posts, Legionnaires know what it means to serve.

NC WORKFORCE OFFICES, VETERAN EMPLOYMENT PROGRAMS, AND RESOURCES.

North Carolina has a distinguished history of serving U.S. military veterans, and their families. In spite of our success, there are still some veterans who face significant barriers when it comes to finding suitable job opportunities. NC DMVA and our partners, such as the NC Department of Commerce, work closely with employers to create job opportunities. Together we create resources for veterans, transitioning service members, and eligible spouses to obtain employment.

DISABLED VETERANS OUTREACH PROGRAM SPECIALISTS

Veterans can find employment information, education, and training opportunities, job counseling, job search workshops, and resume preparation assistance at NCWorks Career Centers. Contact N.C. Department of Commerce Disabled Veterans Outreach Program (DVOP) Specialists, based at those centers. These Outreach Specialists work directly with veterans to get “job-ready.” DVOPs can help veterans in applying for federal, state, local government, and private sector employment, while Local Veterans Employment Representatives (LVER) encourage businesses to hire veterans. All of these staff are veterans themselves! Visit veterans.ncworks.gov or see the list of NCWorks Career Centers on page 13.

VETERAN CAREER FAIRS, EXPOS AND WEBSITES

The federal government, including DoD, the VA, and many state and local entities hold career expos and job fairs throughout the state. There are also many websites that feature job openings with companies looking to hire veterans with tools to help translate military experience into civilian equivalent experience.

Go to milvets.nc.gov for the latest information and latest job fairs or hiring events near you. Visit our Facebook page at facebook.com/NC4VETS or call 844.NC4.VETS.

VETS also assists veterans who have questions regarding Veterans’ Preference in federal hiring.

For more information and for assistance in determining whether your USERRA rights may have been violated, please visit:

www.dol.gov/vets/programs/userra/index.htm

You may also call the North Carolina field office for VETS at **(919) 814-0250** to speak with agency representatives.

You have the right to be reemployed in your civilian job if you leave that job to perform service in the uniformed service and:

- ☆ you ensure that your employer receives advance written or verbal notice of your service;
- ☆ you have five years or less of cumulative service in the uniformed services while with that particular employer;
- ☆ you return to work or apply for reemployment in a timely manner after conclusion of service; and
- ☆ you have not been separated from service with a disqualifying discharge or under other than honorable conditions.

If you are eligible to be reemployed, you must be restored to the job and benefits you would have attained if you had not been absent due to military service or, in some cases, a comparable job.

RIGHT TO BE FREE FROM DISCRIMINATION AND RETALIATION

If you:

- ☆ are a past or present member of the uniformed service;
- ☆ have applied for membership in the uniformed service; or
- ☆ are obligated to serve in the uniformed service;

then an employer may not deny you:

- ☆ initial employment;
- ☆ reemployment;
- ☆ retention in employment;
- ☆ promotion; or
- ☆ any benefit of employment

because of this status.

In addition, an employer may not retaliate against anyone assisting in the enforcement of USERRA rights, including testifying or making a statement in connection with a proceeding under USERRA, even if that person has no service connection.

HEALTH INSURANCE PROTECTION

- ☆ If you leave your job to perform military service, you have the right to elect to continue your existing employer-based health plan coverage for you and your dependents for up to 24 months while in the military.
- ☆ Even if you don't elect to continue coverage during your military service, you have the right to be reinstated in your employer's health plan when you are reemployed, generally without any waiting periods or exclusions (e.g., pre-existing condition exclusions) except for service-connected illnesses or injuries.

ENFORCEMENT

- ☆ The U.S. Department of Labor, Veterans Employment and Training Service (VETS) is authorized to investigate and resolve complaints of USERRA violations.
- ☆ For assistance in filing a complaint, or for any other information on USERRA, contact VETS at 1-866-4-USA-DOL or visit its website at <http://www.dol.gov/vets>. An interactive online USERRA Advisor can be viewed at <http://www.dol.gov/elaws/userra.htm>.
- ☆ If you file a complaint with VETS and VETS is unable to resolve it, you may request that your case be referred to the Department of Justice or the Office of Special Counsel, as applicable, for representation.
- ☆ You may also bypass the VETS process and bring a civil action against an employer for violations of USERRA.

The rights listed here may vary depending on the circumstances. The text of this notice was prepared by VETS, and may be viewed on the internet at this address: <http://www.dol.gov/vets/programs/userra/poster.htm>. EMPLOYMENT 2024-2025

Through NCWorks, the North Carolina Division of Workforce Solutions (DWS) is proud to serve our state’s veterans, transitioning service members and eligible spouses, whose skills and talents contribute so much to our economy.

DWS staff have experience helping veterans find new jobs and training opportunities. At the same time, DWS engages with businesses across North Carolina to tell them about the benefits of hiring veterans.

In 2018, DWS launched a new tool to help both job-seekers and employers: the NCWorks Veterans Portal – located at veterans.ncworks.gov.

“We’re grateful for veterans’ service to our nation, and proud that so many veterans choose to call North Carolina home when they leave the military,” Gov. Roy Cooper said. “This new portal gives veterans a direct way to connect critical skills and experience gained through military service to new careers in high-demand fields, and it will also connect North Carolina employers looking to hire these proven hard workers.”

Designed specifically with veterans in mind, the NCWorks Veterans Portal features tabs that provide quick access to employment services, job fairs, education/training options, helpful tips and other resources. The portal incorporates veterans’ Military Occupation Codes in an easy-to-use job search tool, so that users can find job postings that match their prior experience and training from any of the five branches of the armed services.

Veterans who already have NCWorks Online (ncworks.gov) accounts will use those same login credentials on this portal.

The site also helps veterans find their nearest NCWorks Career Center (see also, pages 15), where they can access free services, such as:

- **Career assessments**
- **Labor market information**
- **Access to training opportunities, job fairs, and workshops**
- **Job interview preparation**
- **Resume and cover letter assistance**
- **Access to computers and free Internet service**
- **Help applying for federal employment and training programs in which veterans receive priority of service.**

ENTREPRENEURSHIP RESOURCES

As a veteran, you possess the skills and talent that communities need to succeed and thrive.

In transitioning out of the military, you face two choices: 1) seeking employment with an existing firm; or 2) starting your own business as an entrepreneur. Either path you take will provide you the opportunity to use your skills as a veteran to improve the world around you; the choice is yours. Whether you are retired, just separated from service,

military spouse or family member—the resources that follow will equip you with all the information you need to start and grow your business or career. Most of these services are available to you for no cost. We are proud that you've chosen to call North Carolina home, and these organizations and resources are here to help you thrive.

HUB Opportunities!

North Carolina values and supports Historically Underutilized Businesses (HUBs). In fact, state agencies have a 10% goal to use HUBs on construction contracts and in purchasing goods and services. Local government agencies, public universities, school systems, and community colleges also use HUBs. If you are a veteran-owned business, we encourage you to learn more about HUB certification through NCDOA's Office for Historically Underutilized Businesses.

Do you own a small business and are interested in doing business with state or local governments?

Certified HUBs:

- Are notified about bid opportunities
- Can access training
- Are included in HUB database
- Can tap into resources to expand business

Office for Historically Underutilized Businesses

OFFICE FOR HISTORICALLY UNDERUTILIZED BUSINESSES

The State of NC has a goal of spending at least 10% of construction projects and goods and services with certified Historically Underutilized Businesses (HUBs). The goal applies to state agencies, public universities, community colleges, school systems and, for construction projects, it also applies to local governments.

Veteran-owned businesses can apply to become certified HUBs through the Office for Historically Underutilized Businesses. Companies eligible for HUB certification are those that are 51% or more owned and managed on a daily basis by individuals who are Black, Hispanic, Asian American, American Indian, Female, Disabled (service related disabilities apply) or Socially and Economically Disadvantaged. The HUB Office's mission is to promote

economic opportunities for historically underutilized businesses in state government contracting and procurement that will foster their growth and profitability.

Certified HUBs are part of a publicly searchable database on the HUB Office website and within state purchasing systems. HUB vendors can sign up to receive e-mail notifications about upcoming bid opportunities through the NC Interactive Purchasing System. Events and bid requests can also be seen on the HUB Office's Bid Opportunities page.

FUNDING SOURCES

Funding to start or grow a small business is very challenging. In the current economy, traditional lending institutions can be considered, however they are usually not a viable option to fund a business start-up. The following resources identify several methods to research – both traditional and nontraditional (grants, foundations etc.).

FEDERAL/STATE & LOCAL GOVERNMENT

- **US SBA Loan Programs** – There are a variety of government-backed loan programs for Small Businesses.

- **Small Business Innovation Startups** – The US government sets aside a portion of its annual budget to fund innovative research conducted by small businesses. These research grants and contracts are awarded through a proposal process conducted by various branches of the government.

BEFCOR also has staff located in the triangle region of the state. BEFCOR has well-established relationships with area lenders and continually works to improve existing and build new ties to reputable financial sources.

- **INVESTInNC** - Veterans are encouraged to participate in INVESTInNC's "Veterans Six-Pack" campaign. This state agency is responsible for administering and enforcing the provisions of NC PACES. The cost of freedom is always high, but Americans have always paid it. And one path we shall never choose, and that is the path of surrender, or submission.

John F. Kennedy

BASIC ELIGIBILITY AND MINIMUM SERVICE REQUIREMENTS

Veteran's health care eligibility is offered to former service personnel who served, were honorably discharged (or released under conditions other than dishonorable) and have been classified as a veteran by the Veterans Affairs department. Any veteran that enlisted after September 7, 1980 (or entered active duty after October 16, 1981) is required to have served 24 continuous months (or the full period of active duty they were called to served) in order to be eligible. Many veterans believe that they will not qualify to meet veteran's health benefits eligibility if they did not incur a service-related disability designation. However, this belief is unfounded. Veteran eligibility for health care enrollment is determined based on many factors, but health care eligibility is extended even to veterans who did not serve in a war zone. Veteran eligibility for health care enrollment is based on factors such as service dates, where the service member was deployed, and other qualifying factors.

ENHANCED ELIGIBILITY PROGRAMS

Certain veterans are qualified to enroll to receive veteran's health care benefits based on an enhanced eligibility status. Veterans who were at one time a POW, veterans who received the Purple Heart or Medal of Honor, and veterans who receive a VA Pension will be considered under this enhanced program. Additionally, veteran's health care eligibility is offered to those who were discharged early due to a disability or hardship, those who served on active duty in a theater of combat operations, and those who served in any war zone for a full tour.

ENROLLMENT FOR VA HEALTH CARE

Unlike civilian health care programs, veterans health care remains in effect from one year to the next. Once the eligibility requirements for veterans health care benefits have been verified, the veteran will receive a Veteran Health Identification card, which allows the holder access to VA medical facilities as proof of service in lieu of a military ID card.

QUALIFYING FOR 5 YEAR POST DEPLOYMENT VA HEALTH CARE

Effective Jan. 28, 2008, veterans discharged from active duty on or after Jan. 28, 2003, are eligible for enhanced enrollment placement into Priority Group 6 (unless eligible for higher Priority Group placement) for 5 years post discharge. Veterans with combat service after Nov. 11, 1998, who were discharged from active duty before Jan. 28, 2003, and who apply for enrollment on or after Jan. 28, 2008, are eligible for this enhanced enrollment benefit through Jan. 27, 2011.

Activated reservists and members of the National Guard are eligible if they served on active duty in a theater of combat operations after Nov. 11, 1998, and, have been discharged under other than dishonorable conditions.

Veterans who enroll with VA under this "Combat Veteran" authority will retain enrollment eligibility even after their five-year post discharge period ends. At the end of their post discharge period, VA will reassess the veteran's information (including all applicable eligibility factors) and make a new enrollment decision.

MILITARY SEXUAL TRAUMA

Military Sexual Trauma (MST) is the term that the U.S. Department of Veterans Affairs uses to refer to sexual harassment that occurred while the veteran was in the military. It includes any sexual activity where someone is involved against his or her will—he or she may have been pressured into sexual activities (for example, with threats of negative consequences for refusing to be sexually cooperative, implied faster promotions, or better treatment in exchange for sex), may have been unable to consent to sexual activities (for example, when intoxicated), or may have been physically forced into sexual activities.

Both women and men can experience MST. Veterans seen at Veterans Health Administrations facilities are screened for sexual experiences. They know that trauma can affect a person's physical and mental health, even many years later. People can recover from trauma and the VA has free services to help veterans do this. You do not need to have a VA disability (service connected) rating to receive these services and may be able to receive services even if you are not eligible for other VA care. You do not need to have reported the incident(s) when they happened.

For more information, veterans can speak with a VA healthcare provider, contact the MST Coordinator at their nearest VA Medical Center, or contact their local Vet Center.

MST information can be found at :

TRAVEL REIMBURSEMENT

The VA is authorized to provide eligible veterans and other beneficiaries mileage reimbursement, common carrier (plane, train, bus, taxi, light rail etc.), or when medically indicated “special mode” (ambulance, wheelchair van) transport for travel to and from VA, or VA authorized non-VA health care for which the veteran is eligible. Veterans qualify for travel benefits if:

- Veteran has a service-connected (SC) disability of 30% or more.
- Travel is in connection with care for SC disability
- Previous year income does not exceed maximum VA pension rate
- Projected income in travel year does not exceed maximum VA pension rate
- Travel is for a C&P exam
- Travel is to obtain a service dog
- Travel is in relation to VA transplant care

Generally beneficiaries may apply for travel orally or in writing generally at the facility where care was provided however, in some cases there may be an alternate process. For more information, go to the Beneficiary Travel Office at the treating facility or call (877) 222-8387 or visit: <https://www.va.gov/health-care/get-reimbursed-for-travel-pay/>

NON-VA MEDICAL CENTER EMERGENCY CARE

Veterans are eligible for emergency care at non-VA facilities under certain circumstances. The 2010 Veterans

Emergency Care Protective Act enabled VA to reimburse veterans enrolled in VA health care for the remaining cost of emergency treatment if the veteran has outside insurance that only covers part of the cost.

If the non-VA emergency care is received, notification to the nearest VA health care facility must be made within 72 hours of hospitalization. VA payment is limited up to the point that veteran’s condition is stable for transport to a VA Facility.

The VA can also provide retroactive reimbursements for emergency care received or after July, 19, 2001, if considered appropriate under the circumstances.

DAV TRANSPORTATION NETWORK

Because many veterans lack transportation to and from VA medical facilities for needed treatment, the Disabled American Veterans (DAV) operates a nationwide Transportation Network to meet this need. Through the Transportation Network, DAV volunteers drive veterans to and from VA medical facilities for treatment. To request a ride, visit:

www.dav.org/veterans/i-need-a-ride/

VOLUNTEER DRIVERS NEEDED:

The DAV is always looking for volunteer drivers. If you are interested in volunteering in the DAV Transportation Network please visit:

VA HOSPITAL TRANSPORTATION SERVICE PROGRAM

The Veterans Health Administration has a transportation program for non-ambulatory and remote VA patients. The Veterans Transportation Service (VTS) provides transport for veterans to VA Medical Centers (VAMCs). These services include vehicle routing and scheduling software for VA Medical Facilities.

While all veterans with VA funded medical appointments are eligible to ride VTS, a first priority is given to wheelchair-bound patients who have no other transportation alternatives. VTS is establishing a network of community and volunteer transportation services to improve access to VA health care, including the Durham VAMC.

RESERVATIONS ARE REQUIRED

Reservations are needed for transportation at least four full business days before the date of transport is needed. Specific information about the veteran is also required.

To see if services are available in your area, call:

- Asheville: (828) 298-7911 EXT. 2916
DAV: (828) 299-2569
- Durham: (919) 286-0411 EXT. 4793

SCHEDULED VERSUS UNSCHEDULED APPOINTMENTS

Scheduled appointments qualify for round-trip mileage. Unscheduled visits may be limited to return mileage only.

In order to be eligible for travel benefits when transporting to VA care or treatment, a veteran must actually be incurring an expense. Should one or more veterans travel together in a private vehicle, only the owner of the vehicle is actually incurring expenses and therefore is the only person entitled to travel reimbursement. However, should multiple veterans share a vehicle where passengers must pay for their transport such as a taxi or where one veteran pays another for transportation, then all are entitled to travel reimbursement either at the mileage reimbursement rate or actual expense, whichever is less. Such persons must provide a receipt to indicate an incurred expense and to receive reimbursement. Find your local medical center for reimbursement rates.

CHAMPVA AND TRICARE

The Civilian Health and Medical Program of the U.S. Department of Veterans Affairs (CHAMPVA) is a comprehensive health care program in which the VA shares the cost of covered health care services and supplies with eligible beneficiaries. The program is administered by Health Administration Center.

Due to the similarity between CHAMPVA and the Department of Defense (DOD) TRICARE program (sometimes referred to by its old name, CHAMPUS) the two are often mistaken for each other. CHAMPVA is a U.S. Department of Veterans Affairs (VA) program whereas TRICARE is a regionally managed health care program for active duty and retired members of the uniformed services, their families, and survivors. In some cases a veteran may look to be eligible for both/either program on paper. However, if you are a military retiree or the spouse of a veteran who was killed in action, you are and will always be a TRICARE beneficiary.

TRAUMATIC BRAIN INJURY [TBI]

Major advancements in protective and medical technology have vastly increased survivability rates among wounded U.S. service members. They have also introduced new challenges to care for increasing numbers of veterans and service members with extremely complex injuries, particularly polytrauma and traumatic brain injury.

A Traumatic Brain Injury (TBI) happens when something outside the body hits the head with significant force. This could happen when the head hits a windshield during a car accident, when a piece of shrapnel enters the brain, or during an explosion of an improvised explosive device (IED).

Individuals who sustain a TBI may experience a variety of effects, such as an inability to concentrate, an alteration of the senses (hearing, vision, smell, taste, and touch), difficulty speaking, and emotional and behavioral changes.

If you experienced head trauma during your service, please contact the VA to schedule an examination. To learn more about TBI, visit www.polytrauma.va.gov

Each service member will have their own experiences. However, almost all service members will need time to readjust after being in a war zone.

TRAUMA AND PTSD

Post Traumatic Stress Disorder (PTSD) is a mental health issue that can occur after someone goes through a traumatic event such as war, assault, disaster, or a car accident. Most people have some stress reactions after a trauma.

Each service member will have their own experiences. However, understand that almost all service members will need time to readjust after being in a war zone. This can be especially intense during the first months at home. Common stress reactions are a normal part of readjustment.

The stigma of mental health issues can be a huge barrier for people who need help, but knowing when and how to get help is actually part of military training.

Visit your local Vet Center if you would like to talk to someone about what you are experiencing.

You can also learn more about PTSD at ptsd.va.gov

Returning Veterans and Possible Behavioral Health Issues

“Although the majority of veterans who return from deployment do not have a behavioral health condition and have not experienced a traumatic brain injury (TBI) all service members, veterans, and family members experience a period of readjustment as they reintegrate into life with family, friends and community. Behaviors needed to survive in war zone, such as maintaining a constant state of alertness, may initially translate into troublesome behaviors in civilian life.” ~SAMHSA, 2012.

THE NORTH CAROLINA GOVERNOR'S CHALLENGE

TO PREVENT SUICIDE AMONG SERVICE MEMBERS, VETERANS AND THEIR FAMILIES (SMVF)

NC Governor's Challenge Team

THE CHALLENGE

The Governor's Challenge is a call to action, asking state military and civilian interagency teams to embark on a process of collaborating, planning, and implementing suicide prevention best practices and policies for Service Members, Veterans, and their Families (SMVF) statewide.

What Are We Doing in NC

North Carolina's three priority areas based on the Veterans Administration National Suicide Prevention Strategy: Identify SMVF and screen for suicide risk, promote connectedness and

improve care transitions. Educate the public about limiting access to lethal means and improve safety planning.

What We Know About Suicide in the U.S.

Someone dies from suicide every minutes—and over the past two decades, suicide rates have increased in every state across the country. For the first time in recent generations, life expectancy is decreasing due to suicide.

According to the latest research:

- There were **1.4 million attempts** and more than **47,000 deaths** from suicide.
- Suicide is at its **highest level** and is **still rising**.
- Rural counties are being hit the hardest with **suicide rates double** the rate in urban counties.
- There has been an alarming **50% increase of suicide rates** among women.

Suicide touches whole communities. Each person who dies by suicide leaves behind 135 people who knew that person.

MISSION

“To provide quality health care services in a professional and ethical manner, ensuring the trust, confidence and respect of our veteran residents, their families, employees, and the communities we serve”

The NC State Veterans Homes provide skilled nursing care to all eligible veterans. All of the NC State Veterans Homes are certified by VA Medical Centers of jurisdiction, Medicaid, Medicare, and the Joint Commission. In addition to our existing, NC State Veteran Homes, we have two future proposed homes in both Forsyth and Wake counties.

Our professional staff and volunteers are committed to providing quality, comprehensive, short term or long term care with an extra warm and personal touch. It is important each veteran feels we are not just a skilled nursing facility, but an actual “home” in every sense of the word. Every individual is of vital interest to us and we ensure that our focus is the total needs of the resident. Through quality care and constant companionship, we strive to make every day an experience worth living.

We encourage veterans and family members to arrange a pre-admission tour and meeting at your convenience. This will let you see first-hand the care and warmth of our homes as well as give you the opportunity to ask questions about the facility, or visit www.Milvets.NC.Gov for a link to a virtual tour.

Problem Gambling

Recovery is possible and treatment works.

If a veteran's gambling is causing problems in their relationships, finances or interferes with their work, they may be struggling with problem gambling. We call it problem gambling because it is meant to encompass anytime gambling causes problems.

- Have there ever been periods, lasting 2 weeks or longer, when you spent a lot of time thinking about your gambling experiences or planning out future gambling ventures or bets?
- Have you ever tried to stop, cut down or control your gambling?
- Have you ever lied to family members, friends or others about how much you gamble or how much money you lost gambling?

If someone answered yes to one or more questions above, a no cost treatment is available to them and to their loved ones.

NATIONAL CALL CENTER FOR HOMELESS VETERANS

1-877-4AID-VET
[1-877-424-3838]

Contact VA's National Call Center for Homeless Veterans at **877-4AIDVET (877-424-3838)** to speak to a trained VA responder. The hotline and online chat are free and neither VA registration nor enrollment in VA healthcare is required to use these services.

Expert responders staff the hotline for homeless veterans 24 hours a day, seven days a week. The responders can provide emergency support and resources to homeless veterans and family members, as well as community agencies and non-VA providers.

When you call or join the online chat, you will be connected to a trained VA responder. The responder will ask a few questions and assess your needs. If you're a veteran, you may be connected with the Homeless Program point of contact and the nearest VA facility.

According to the National Coalition for Homeless Veterans (NCHV), nearly 13% of the adult homeless population are veterans. With an estimated number of homeless people in the U.S. in 2022 at 582,462, 75,720 are homeless veterans in the United States. North Carolina sits at 38th in the highest number of homeless population with an estimated 9,382. and a 1,783 homeless Veterans population. Because of this, the Department of Veterans Affairs and other non-profit organizations have devised a number of initiatives to help our homeless veterans.

See next page for some of the initiatives provided by VA for our veterans.

VETERANS RESTORATION QUARTERS

1329 Tunnel Rd
Asheville, NC 28805
(828) 259-5300

- At ABCCM's Veterans Restoration Quarters (VRQ), our mission is to create a principle-based environment and comprehensive residential program that addresses every area of restoration in the life of a homeless veteran. We work to provide each veteran with stability, personal skill building, educational and training opportunities leading to employment and housing along with personal restoration.
- We accomplish our mission through the diligent and compassionate efforts of trained staff, volunteers and community partners. Over 240 veterans reside nightly on the VRQ campus, a former 125 room motel. Our guests are provided with housing, meals, case management services, counseling, laundry facilities, a computer lab, gym, chapel and transportation to VA Medical Center appointments. Every effort is made to provide each person with the tools, direction and encouragement needed to arrive at genuine success and full restoration.

DISABLED VETERAN HOMESTEAD EXEMPTION

To qualify as a disabled veteran and be eligible for a homestead property tax exemption under North Carolina law, a person must meet certain criteria. The property owner must be a veteran of any branch of the US Armed Forces with an honorable discharge and must have a permanent & total service connected disability of 100% from the US Department of Veteran Affairs. If in receipt of DIC, a surviving spouse of a disabled veteran may also qualify for a tax exemption.

The disabled veteran homesteaded exemption protects the first \$45,000 of your assessed real property value from abatement.

HOMELESS VETERANS' REINTEGRATION PROGRAM

The Homeless Veterans' Reintegration Program (HVRP) provides services to assist in reintegrating homeless veterans into meaningful employment while connecting these veterans to service delivery systems to address the complex problems homeless veterans face.

USDOL grant funding is awarded on a competitive basis to eligible applicants such as state and local workforce development boards, public agencies, for-profit/commercial entities and non-profit organizations, including faith based and community based organizations. The program is 'employment focused' and veterans receive the employment and training services they need in order to re-enter the labor force.

For more information, contact the North Carolina field office for USDOL VETS at (919) 814-0360.

VA'S COMPENSATED WORK THERAPY

VA's Compensated Work Therapy (CWT) is comprised of three unique programs which assist homeless veterans in returning to competitive employment: Sheltered Workshop, Transitional Work, and Supported Employment. Veterans in CWT are paid at least the federal or state minimum wage, whichever is higher.

The Homeless Veteran Support Employment Program (HVSEP) provides vocational assistance, job development and placement, and ongoing supports to improve employment outcomes among homeless veterans and veterans who have been trained as Vocational Rehabilitation Specialists (VSRs).

CWT veterans have been successfully employed over the years in various competitive positions including, but not limited to, health care, information technology, manufacturing, warehousing construction trades, clerical and office support, retail, and services delivery. CWT programs develop an individual rehabilitation plan for each veteran and provide a wide range of support services to the veteran at the CWT locations. Benefits including service-connected compensation, and non-service-connected pensions cannot be reduced, denied, or discontinued based on participation in CWT.

The CWT program's mission is to provide realistic and meaningful vocational opportunities to the veteran, and encouraging successful reintegration into the community at the veteran's highest functional level.

Contact your local VA Medical Center on page 80.

TRANSITIONAL RESIDENCE PROGRAM

The Transitional Residence (TR) program is a work-based Psychosocial Residential Rehabilitation Treatment Program offering a therapeutic residential setting for veterans involved in Compensated Work Therapy. The TR program provides a rehabilitation-focused residential setting for veterans recovering from chronic mental illness, chemical dependency and/or homelessness. TR provides a bridge between hospitalization or intensive outpatient treatment in a successful community of peer and professional support, with a strong emphasis on increasing personal responsibility and achievement of individualized rehabilitation goals.

This program differs from other VA-operated residential bed programs in that participants contribute (using their CWT earnings) to the cost of operating and maintaining their residence and are responsible for planning, purchasing and preparing their own meals.

Contact your local VA Medical Center on page 80.

HUD-VASH

This joint Supportive Housing Program with the US Department of Housing and Urban Development (HUD) provides permanent housing and ongoing case management treatment services for homeless veterans who would not be able to live independently without the support of case management. HUD's Section 8 Voucher Program has designated more than 10,000 Vouchers to Public Housing Authorities (PHAs) throughout the country for veterans who are homeless. This program

allows veterans to live in veteran selected apartment units with a Housing Choice voucher.

These vouchers are portable so that veterans can live in communities served by their VA medical facility where case management services can be provided. See your local county social services office for more information.

DROP-IN CENTERS

These programs provide a daytime sanctuary where homeless veterans can clean up, wash their clothing, and participate in a variety of therapeutic and rehabilitative activities. Linkages with longer-term assistance are also available. Locations vary.

Contact your local Vet Center or VA Community Based Outpatient Clinic for locations and services in your area. See page 80.

STAND DOWNS

Stand Downs are one-to three-day events that provide homeless veterans a variety of services and allow VA and community-based service providers to reach more homeless veterans in a temporary refuge where they obtain food, shelter, clothing and a range of community and VA assistance. In many locations, Stand Downs provide health screenings, referral and access to long-term treatment, benefits counseling, ID cards, and access to other programs to meet their immediate needs. For more information on Stand Down dates and locations, please contact the **Homeless Veterans Programs Office** at (877) 4AID-VET or visit www.va.gov/HOMELESS, or go to our Facebook page for real-time updates.

In 2023, DMVA Veterans Service Officers have generated over 45 million dollars in federal Compensation and Pension benefits from 12 State Veterans Service Centers.

VETERANS EMERGENCY RELIEF PROGRAMS

Many military and service organizations have emergency relief programs specifically designated to help veterans, military members, and their families. Inquire within local organizations about programs such as the Air Force Aid Society, American Legion Temporary Financial Assistance, Army Emergency Relief, Disabled American Veterans Disaster Relief Grants, Navy-Marine Corps Relief Society, Salvation Army Home Front War Relief Program, and VFW Unmet Needs. For a list of VSO's see pages 6-9.

AVOIDING DEBT-TRAP LOANS

High-cost, debt-trap loans can create long-term problems for North Carolina veterans

Across North Carolina, military, veteran, faith and community leaders are increasingly focused on the harm predatory lending inflicts on our communities. Some lenders violate state law and extend loans designed to trap borrowers in a cycle of debt. Veterans and active-duty service members should be aware of which loans are legal and which are illegal in North Carolina, how to avoid a long-term financial headache, and where to turn for help if you need it.

Installment, payday, and car-title loans are misleadingly marketed to veterans across the country as a quick fix when they are in a financial bind. However, once vets take out these loans, may find that they cannot pay them off and cover their living expenses. They end up taking out loan after loan after loan, paying new fees each time. This is the “debt trap,” and for some it’s a cycle they remain caught in for months or even years.

Fortunately, payday and car title loans are illegal in North Carolina, including loans made over the internet. However, some lenders still make illegal internet loans to North Carolina residents. If you are caught in one, you should report the lender to the North Carolina Attorney General’s office.

Installment loans, however, are legal in North Carolina as long as the loan does not exceed our state’s interest rate and fee caps. North Carolina law has a complicated formula for determining the maximum annual percentage rate (APR) of interest. Lenders may charge up to 30% on loans up to \$4000, and lower rates (24% and 18%) on amounts above \$4000, as well as additional origination fees. Installment lenders are not required by state law to determine whether a borrower actually has the ability to

repay a loan. This is significant because a borrower who falls behind on their loan and refinances to avoid a default is the ideal customer for these lenders. Data from the NC Commissioner of Banks office show that, on average, two-thirds of these installment loans made each year in North Carolina are to renew existing loans.

North Carolina veterans are better off considering other options before taking out one of these loans. Credit counselors can help you make a plan to manage your finances, or can help if you are having trouble repaying an installment loan. Many banks and credit unions offer alternatives to installment loans at a fraction of the interest rates other lenders charge. While most people are hesitant to ask friends or family for money, borrowers caught in the debt trap often turn to them for help to escape it anyway.

We are making progress ending the debt trap, but there is still work to do. In October 2017, the Consumer Financial Protection Bureau issued a new rule for payday, car-title, and high-cost installment loans which requires lenders to ensure that the borrower can effectively repay the loan. There are several threats at the federal level to undo this important safeguard, which protects the more than 700,000 North Carolina veterans who are not covered by the Military Lending Act (MLA) from 300% interest predatory loans.

Going forward, it is important that our North Carolina legislature maintain the ban on car-title and payday

lending. And it's important that installment loans not be made even more expensive.

NEED HOUSING HELP IN NORTH CAROLINA? WE'VE GOT YOUR BACK!

As a member of the armed forces, you've likely done your fair share of moving around. If you're ready to finally put down roots and make North Carolina

your permanent home, we can help. The North Carolina Housing Finance Agency offers help not only to get veterans into homes but to help them remain there long-term.

Veterans who want to settle down with a new home can keep their mortgage payments low with the NC Home Advantage Mortgage™, which offers up to 3% of the loan amount in down payment help. As a veteran, though, you may qualify for an even bigger down payment boost with the NC 1st Home Advantage Down Payment that instead offers \$15,000 in assistance. Or, you may choose the NC Home Advantage Tax Credit, which enables qualified veterans and first-time home buyers to save up to \$2,000 each year on federal taxes with a Mortgage Credit Certificate. That tax savings is yours for the life of the loan and you can combine this product with the NC Home Advantage Mortgage down payment help for even more savings.

The down payment options are offered as 0%, deferred loans and are forgivable over time. They are reduced by 20% per year at the end of years 11–15 (completely forgiven at end of year 15).

In addition, the 30-year, fixed-rate NC Home Advantage Mortgage can be structured as a VA home loan, enabling you to couple your down payment help with the VA loan advantages, including no mortgage insurance premium and limitations on closing costs.

The NC Housing Finance Agency offers these mortgage products through participating lenders statewide. You can find a participating lender near you at HousingBuildsNC.com in “Home Buyers.”

Helping North Carolina veterans buy homes they can afford is important, but equally vital is ensuring long-term home ownership success for military veterans who already own homes but may need help to stay in them.

If you require costly repairs or accessibility modifications to stay in your home and meet certain income requirements, you may be eligible for help from the Agency. Aimed at correcting dangerous housing conditions or making homes more accessible for residents with disabilities, repairs and modifications are provided through local community partners. You can learn more and find a partner in your area at HousingBuildsNC.com in “Homeowners.”

For veterans who aren't quite ready for home ownership, the NC Housing Finance Agency partners with the Department of Health and Human Services and to furnish NCHousingSearch.org, a comprehensive, easily searchable listing of available affordable apartments statewide. This service also lists supported housing options and provides links to other housing resources in the state. You can either search the site or call 1-877-428-8844 for assistance.

What is a Continuum of Care?

Homeless Housing and Service Providers receive federal dollars through the McKinney-Vento Homeless Assistance Program, administered by the Department of Housing and Urban Development (HUD). Communities are awarded McKinney-Vento grants from two programs: the Emergency Shelter Grant (ESG) Program and the Continuum of Care (CoC) Competition. About 20% of McKinney-Vento HUD funding is distributed through the Emergency Shelter Grant (ESG) program, which is a block grant to the state. The NC ESG program is administered by the Office of Economic Opportunity, and primarily funds emergency shelter operations across the state. The remaining 80% of McKinney-Vento HUD funding is distributed through a competitive process: the Continuum of Care process. In FY 2008, \$13,705,827 was awarded to North Carolina's CoCs through the competitive process.

U.S. Department of Housing and Urban Development Definition of Continuum of Care:

"The Continuum of Care is a community plan to organize and deliver housing and services to meet the specific needs of people who are homeless as they move to stable housing and maximum self-sufficiency. It includes action steps to end homelessness and prevent a return to homelessness."

HUD identifies four necessary parts of a continuum:

- Outreach, intake, and assessment in order to identify service and housing needs and provide a link to the appropriate level of both;
- Emergency shelter to provide an immediate and safe alternative to sleeping on the streets, especially for homeless families with children;
- Transitional housing with supportive services to allow for the development of skills that will be needed once permanently housed;
- Permanent and permanent supportive housing to provide individuals and families with an affordable place to live with services if needed.

Background

The Continuum of Care (CoC) system was first implemented in 1995 when HUD began to require communities to each submit a single application for McKinney-Vento Homeless Assistance Grants. This requirement was meant to streamline the funding application process, encourage coordination of housing and service providers on a local level, and promote the development of Continua of Care. Before the CoC system, agencies across the country applied for funding by submitting individual application directly to HUD. Now, all of these agencies are required to apply to HUD through their local CoC.

CoC Application

In order to apply for funding under the CoC Competitive Program, agencies must now be part of one comprehensive community application. Each CoC consolidates community-wide information into an Exhibit One for the annual application submission to HUD.

Reviewing the Exhibit One and accompanying Housing Inventory Chart is a great way to become familiar with your community's resources and plans for serving homeless individuals and families. These documents can be found on our website at www.ncceh.org/CoCApps.

The Exhibit One describes all of the agencies and services available in a CoC's community, including those agencies that are not applying for HUD funding. The Exhibit One includes: an outline of the CoC's goals

and priorities, a housing and services inventory, data on how many and what types of people are homeless, information on which community partners are participating in the process, and how local programs are performing. Even if an agency who serves the homeless is not interested in requesting HUD funding, it is still important for them to participate in the process. Not only are they needed to help design and implement a community action plan, but the CoC receives points in the competitive scoring process for their participation. CoCs must obtain a certain number of points in HUD's application scoring process in order to receive funding. This is why it's important for all agencies in the community, even those who don't apply for funding, to participate in these activities—the CoC loses points on its application if they don't. It's a highly competitive process and every point counts. A quarter of a point can make the difference between receiving hundreds of thousands of dollars of funding and receiving none.

Agencies apply for individual project funding through a separate portion of the application: the Exhibit Two. Although the project application is separate, whether or not a project is funded is dependent on the CoC’s Exhibit One score. Points are awarded for five categories: CoC Housing Services and Structure; Homeless Needs and Data Collection; CoC Strategic Planning; CoC Performance; and Emphasis on Housing Activities.

One of the more daunting tasks for CoCs during the application process is deciding which agencies’ project applications should be submitted to HUD. Each year, there is a set dollar amount that the CoC is eligible to apply for. There are often more requests than funding available. CoCs must balance addressing the community need, keeping HUD’s priorities in mind, and selecting agencies that have proven performance and capacity. In order to make these decisions, most CoCs create a scorecard that is used by a local scoring committee to decide which project requests to include in the application.

Beyond the Application

Coming together to apply for these federal funds is the most basic function of the CoC. Beyond working on the application for funding, CoCs also coordinate activities to meet the needs of individuals and families who are experiencing homelessness and play an important role in turning Ten-Year Plans to End Homelessness into reality.

For CoCs that wish to use a comprehensive approach and develop a long-range, collaborative, and strategic plan, HUD developed a five-step approach to planning a CoC:

- Organizing an annual CoC planning process that includes identifying desired outcomes and defining roles and responsibilities for the specific organizations and government bodies involved;
- Collecting needs data and completing an inventory of mainstream resources;
- Determining gaps in the current community process;
- Developing both short- and long-term strategies; and
- Establishing action steps and identifying a process for monitoring implementation of identified strategies.

North Carolina Continuum of Care (CoC) Primary Areas

There are 12 Continua of Care in North Carolina. The structure of Continua varies amongst our communities. Some cities and counties assign staff to assist the Continuum while other communities ask organizations to volunteer their time. To find updated contact information for the CoC for your area, visit www.nceh.org/coc

INCARCERATED VETERANS BENEFITS

VETERANS COURTS

There is a growing effort in North Carolina to institute more veterans courts or dockets to allow district attorneys to send military members and veterans into treatment, rather than jail, when they commit a non-violent offense.

These courts are staffed by people who take into consideration charges and challenges facing veterans who return home from war. They may allow some military members to enter into mental health diversion programs as treatment for non-violent infractions as opposed to automatically jailing the offender.

The law relies on the judgment of a prosecutor, who will determine, on a case-by-case basis, which defendants may be eligible for diversion.

Prosecutors must decide how serious the crime must be before diversion is taken off the table and must consider the victim of the offense.

THE VETERANS JUSTICE OUTREACH (VJO) PROGRAM

VJO offers outreach and case management to veterans involved in law enforcement encounters, overseen by treatment courts, and incarcerated in local jails.

INCARCERATED VETERANS BENEFITS

VA benefits are affected if a beneficiary is convicted of a felony and imprisoned for more than 60 days. Veterans rated 20 percent or more are limited to the 10 percent disability rate.

Payments are not reduced for participants in work-release programs, residing in halfway houses or under community control.

Failure to notify VA of a veteran's incarceration can result in overpayment of benefits and the subsequent loss of all VA financial benefits until the overpayment is recovered.

VA may be able to take a portion of the amount that an incarcerated veteran is not receiving and pay it to his or her dependents, if they can show need.

When a veteran is released from prison, his or her compensation or pension benefits may be restored.

Depending upon the type of disability, the VA may schedule a medical examination to see if the veteran's disability has improved or worsened.

NC COMMERCE REENTRY INITIATIVE

Through the North Carolina Department of Commerce Reentry Initiative, NCWorks Career Centers assist all job seekers with criminal records to help them overcome barriers to employment. In addition to the services provided to all job seekers, individuals with a criminal record have access to the following:

- Help with writing resumes and a “letter of explanation” detailing their criminal record and/or incarceration and indicating rehabilitative efforts.
- Knowledge about employers’ policies concerning hiring individuals with a criminal record.
- Workshops specific to addressing concerns of individuals with criminal records.
- Referrals to community organizations that assist individuals with criminal records.
- Information on Federal Bonding and the Work Opportunity Tax Credit.

Visit www.ncworks.gov to find an NCWorks Career Center near you.

For help with general questions or concern, email the Program Coordinator at DWS_Re-Entry@commerce.nc.gov.

NC STATE REENTRY COLLABORATIVE COUNCIL

Veterans and other individuals with criminal records or those leaving prison or jail face serious challenges as they reintegrate and work to build stable, healthy lives and families.

The State Reentry Council Collaborative (SRCC) was established by the North Carolina General Assembly and Governor Roy Cooper in 2017 and is managed by the North Carolina Department of Adult Correction. The SRCC is made up of representatives from across state and local government whose agency responsibilities intersect with the incarceration or reentry process for people in North Carolina:

- NC Department of Justice
- NC Department of Military and Veterans Affairs
- Administrative Office of the Courts
- NC Department of Health and Human Services
- NC Department of Commerce Division of Workforce Solutions
- NC Community College System
- NC Department of Transportation Division of Motor Vehicles

The SRCC also includes stakeholders from various community sectors, including nonprofit organizations, community-based service providers, faith-based organizations, and fair-chance employers. This cross-representation of government and community stakeholders will help the SRCC develop a comprehensive approach to addressing reentry issues. The SRCC works to facilitate an easier transition back into society for people leaving prison, jail, or any other form of incarceration by:

- Coordinating existing local and statewide resources,
- Identifying and working to address gaps in resources and policy, and
- Advocating to remove stigmas and reduce the barriers to successful reentry.

HELPING VETERANS

ATTORNEY GENERAL JOSH STEIN

TIPS FOR VETERANS

AVOID VETERANS CHOICE PROGRAM SCAM

Make sure to call the real number 866-606-8198. If you're not sure you're on the line with the actual Veterans Choice Program, hang up and start over.

UNFAIR LENDING PRACTICES

Service members are often the target of unfair lending and business practices. They may be offered easy access to loans through illegal advanced fee loan scams, which require them to pay for the broker's help before they get the loan.

AFFINITY FRAUD

Scammers may impersonate military members, ask for money, or offer fraudulent investment opportunities.

BENEFIT SCAMS

Watch out for private entities that charge fees to help you apply for military or veteran benefits.

IMPOSTER SCAMS

Scammers may pretend to be a family member in the military in need of help to deceive you into sending them money or personal information. They may also pretend to be a VA or other government employee.

SERVICE MEMBERS ARE MORE LIKELY TO BE TARGETS OF SCAMS

Members of the military and their relatives are often vulnerable to scams and fraud because they travel frequently and do business in new places with companies and businesses they aren't familiar with. Their families may also be targeted by criminals who are taking advantage of their fears and concerns about their loved one's safety.

HOW TO FILE A DISABILITY CLAIM

1

FILE A CLAIM

North Carolina Division of Veteran Affairs Service Officers (VSO) and local County Veteran Service Officers (CVSO) provide free VA disability claim assistance. Veterans can also receive free assistance through other Veteran Service Organizations such as: Vietnam Veterans of America, Veterans of Foreign Wars, Disabled American Veterans, etc. Veterans can also file a claim on line through eBenefits, a joint VA/DoD web portal that provides resources and self-service capabilities (see page 150).

2

SUBMIT EVIDENCE

Veterans must provide evidence of a current disability to support a claim. Submitting evidence concurrently with a claim will help expedite the process. A veteran's disability evaluation is based on evidence so it's essential that the evidence submitted is relevant, accurate, and complete. Service Officers can assist with obtaining evidence to support a claim.

3

VA EXAMINATION

The VA may request an examination depending on the veteran's claim and treatment history. If required, veterans will be scheduled for an exam. After the exam, a report is sent to the VA Rating Authority and is used, along with the additional evidence of record, to make the determination. Attending the exam, if scheduled, is crucial to the claim outcome.

4

VA DECISION

The VA considers all evidence of record and decides whether to grant or deny the benefit. The veteran is notified by mail. The notification includes an explanation of the basis for approval or denial, list of evidence reviewed, and available recourse, if they disagree with the decision. Veteran disability awards are defined and set based on federal law.

ASK your private doctor to include your **VA FILE NUMBER** on all records they submit.

CHECKLIST TO FILE CLAIM

- Bring a copy of your DD 214 and evidence that supports your claim.
Never assume the VA has the necessary information on file.
- Be sure your VA file number is included on every page of your correspondence and documentation.
Respond quickly and completely to the VA's request for further information.
- Keep all scheduled medical appointments.
- Notify the VA immediately if your address or phone number changes. Online through eBenefits, or by phone 1-800-827-1000.
- Know your service dates and Social Security number. If you are a spouse of a deceased veteran, you should know this information, along with any previous marital status of your veteran.
- Be prepared to provide a voided check or Banking Account and Routing Numbers to setup direct deposit for any VA payment.

OPTIONS FOR DENIED CLAIMS OR IF YOU DISAGREE WITH A DECISION

If the VA denies your claim you may appeal the decision. You may also appeal if your claim was approved, but you disagree with any part of the rating. An appeal involves many steps, some of which are optional, some that are required. The appeals process has strict time limits that include:

- Supplemental appeal
- Higher level review
- Hearing (Optional)
- Formal Appeal (Form 9)
- Board of Veterans Appeals (BVA)
- U.S. Court of Appeals for Veterans Claims (CAVC)

Unfortunately, this process can take years to come to a final decision, but once a decision has been made, you will be notified by mail.

NOTE: Before you file an appeal, consider obtaining new & material evidence and request your denied claim be reconsidered. This can save time and effort.

TALK to your local **VETERANS SERVICE OFFICER** before you file an appeal.

VETERANS CLAIMS & ADVOCACY FOR VETERANS, THEIR SURVIVORS AND DEPENDENTS

The Federal VA benefit system actually is a legal system. In order to qualify for benefits, veterans must file a claim against the United States proving they are eligible for these benefits through the submission of legal, military, and medical evidence.

NC DMVA employs federally accredited and state certified Veterans Service Officers (VSOs) who are subject matter experts in Federal VA law (Chapter 38 United States Code and Chapter 38 Code of Federal Regulations) and are allowed to practice by taking Power of Attorney for veterans seeking benefits. These VSOs represent veterans, their dependents, and survivors before the Federal VA in their claims and appeals.

With its County Veteran Service Officer and National Service Officer partners, NC DMVA provides claims and counseling advocacy and representation to North Carolina's over 700,000 veterans.

► SIGN UP for eBenefits @ ebenefits.va.gov

Currently, NC DMVA holds Power of Attorney for nearly 150,000 North Carolina veterans. Veteran Service Officers regularly help veterans and their families learn about other benefits that they may be eligible for. VSOs are knowledgeable about the many resources available within the state and can usually assist in finding help and solutions to issues that you may be facing.

GULF WAR REGISTRY HEALTH EXAM FOR VETERANS

VA's Gulf War Registry Health Exam alerts veterans to possible longterm health problems that may be related to environmental exposures during their military service. The registry data helps VA understand and respond to these health problems more effectively.

This comprehensive health exam includes an exposure and medical history, laboratory tests, and a physical exam. A VA health professional will discuss the results face-to-face with the veteran and in a follow-up letter.

Important points about registry health exams

- Free to eligible veterans and no co-payment
- Not a disability compensation exam or required for VA benefits
- Enrollment in VA's health care system not necessary
- Based on recollection of service, not on their military records
- Veterans can receive additional registry exams, if new problems develop
- Veterans' family members are not eligible for registry exams

Eligibility for Gulf War Registry Health Exam

Veterans who served in the Gulf during Operation Desert Shield, Operation Desert Storm, Operation Iraqi Freedom, or Operation New Dawn are eligible for the Gulf War Registry exam.

You do not need to be enrolled in VA health care to take part.

AGENT ORANGE REGISTRY HEALTH EXAM FOR VETERANS

VA's Agent Orange Registry health exam alerts veterans to possible long-term health problems that may be related to Agent Orange exposure during their military service. The registry data helps VA understand and respond to these health problems more effectively.

This comprehensive health exam includes an exposure history, medical history, physical exam, and any tests if needed. A VA health professional will discuss the results face-to-face with the veteran and in a follow-up letter.

Contact your local VA Environmental Health Coordinator about getting an Agent Orange Registry health exam.

AIRBORNE HAZARDS AND OPEN BURN PIT REGISTRY

Veterans and service members who were close to burn pit smoke or exposed for longer periods may be at greater risk for health problems. Health effects from burn pit exposure will vary and depend on a number of factors such as the kind of waste being burned, pre-existing conditions, and wind direction.

Veterans and service members can use the registry questionnaire to report exposures to airborne hazards (such as smoke from burn pits, oil-well fires, for pollution during deployment), as well as other exposures and health concerns.

Registry participation is open to any veteran or service member who was deployed to the Southwest Asia theater of operations or Egypt any time after August 2, 1990 or Afghanistan, Djibouti, Syria, or Uzbekistan on or after September 11, 2001.

Regions and countries include: (end bold) Iraq, Afghanistan, Kuwait, Saudi Arabia, Bahrain, Djibouti, Gulf of Aden, Gulf of Oman, Oman, Qatar, United Arab Emirates, waters of the Persian

Gulf, Arabian Sea, Red Sea, Syria, Uzbekistan, and Egypt.

Operations and campaigns include: (End Bold) Desert Shield and Desert Storm (ODS/S), Iraqi Freedom (OIF), Enduring Freedom (OEF), and New Dawn (OND).

You do not have to have been exposed to specific airborne hazards or have related health concerns to participate in the registry.

DEPENDENCY AND INDEMNITY COMPENSATION

Dependency and Indemnity Compensation (DIC) is the primary monthly monetary benefit payable to surviving dependents of a deceased veteran, and is the monetary benefit to disability compensation for veterans.

This benefit is payable if the veteran died on active duty or in the line of duty and the death was not due to willful misconduct. Or, if death was after service, the death was caused by or attributed to a service-connected disability, or, if service member was rated 100% compensation for certain statute time limits.

The current basic monthly rate of DIC is \$1,562.74 effective 12/1/2022 for an eligible surviving spouse.

The rate is increased for each dependent child, and also if the surviving spouse is housebound or in need of aid and attendance. VA also adds a transitional benefit to the surviving spouse's monthly DIC if there are children under age 18. The amount is based on a family unit, not individual children.

For further rates information visit:

PRESUMPTIVE HEALTH CONDITIONS

There are three categories in which veterans may qualify for service-connected disability based on a condition to be presumed by military service. These groups are:

- 1 veterans who were diagnosed with a chronic disease such as arthritis, diabetes, or hypertension within one year of being released from active duty;
- 2 veterans diagnosed with amyotrophic lateral sclerosis (ALS) anytime after discharge of service and have at least 90 days of continuous service; and
- 3 veterans who served in the conflicts/geographic regions associated with specific exposures and have been diagnosed with specific diseases. For more information on presumptive health conditions, please contact a VSO.

FORMER POW'S Imprisoned for not less than 30 days and a disability of at least 10 percent disabling.

VIETNAM VETERANS [Exposed to Agent Orange] Served in the Republic of Vietnam between Jan. 9, 1962 and May 7, 1975.

ATOMIC VETERANS [Exposed to Ionizing Radiation] Participated in atmospheric nuclear testing; occupied or was a POW in Hiroshima or Nagasaki; service before Feb. 1, 1992 at diffusion plant in Paducah, KY, Portsmouth, OH, or Oak Ridge, TN; or service before Jan. 1, 1974 at Amchitka Island, AK.

GULF WAR VETERANS served in the Southwest Asia Theater of Operations during the Gulf Wars with conditions that are medically unexplained, including chronic multi-symptom illnesses defined by a cluster of signs or symptoms that have existed for six months or more.

CAMP LEJEUNE [Exposure to Contaminated Drinking Water at Camp Lejeune or Marine Corps Air Station (MCAS) New River, North Carolina]

The VA has established a presumptive service connection for veterans, reservists, and National Guard members exposed to contaminants in the water supply at Camp Lejeune or Marine Corps Air Station (MCAS) New River, North Carolina from August 1, 1953 through December 31, 1987 who later developed one of the following eight diseases:

- Adult leukemia
- Aplastic anemia and other myelodysplastic syndromes
- Bladder cancer
- Kidney cancer
- Liver cancer
- Multiple myeloma
- Non-Hodgkin's lymphoma
- Parkinson's disease

Presently, these conditions are the only ones for which there is sufficient scientific and medical evidence to support the creation of presumptions; however, VA will continue to review relevant information as it becomes available.

DEATH PENSIONS

SURVIVORS PENSION

The Survivors “Death” Pension benefit, is a tax-free monetary benefit payable to a low-income, un-remarried surviving spouse and/or unmarried child (children) of a deceased veteran with wartime service. The deceased veteran must have met certain active duty and war time service requirements as well as was discharged from service under other than dishonorable conditions.

Survivors Pension is based on your yearly family income, which must be less than the amount set by Congress and net worth may not be excessive to qualify.

While an un-remarried spouse is eligible at any age, a child of a deceased wartime veteran must be: Under 18, OR Under age 23 if attending a VA-approved school, OR Permanently incapable of self-support due to a disability before age 18.

Learn more about survivor pension benefits at:
www.benefits.va.gov/pension/spousepen.asp

BURIAL BENEFITS

Dependents and surviving spouses of an eligible veteran are eligible to be buried in national cemeteries.

When a death occurs and eligibility for interment in a national cemetery is determined, grave space is assigned by the cemetery director in the name of the veteran or family member. One gravesite is permitted for the interment of all eligible family members, unless soil conditions or the number of family decedents necessitate more than one grave. There is no charge for burial in a national cemetery.

See Page 164 for more information on Burial Benefits.

HEADSTONES AND MARKERS

Spouses and dependents are not eligible for a government-furnished headstone or marker unless they are buried in a national cemetery, state veterans’ cemetery, or military post/base cemetery.

COMPENSATION AND PENSION

A monetary benefit paid to veterans who are disabled by an injury or illness incurred or aggravated during active military service. These disabilities are considered to be service connected.

DISABILITY COMPENSATION

Disability compensation is paid monthly and varies with the degree of disability, the impairment to a veteran's earning capacity and the number of dependents. Veterans with certain severe disabilities may be eligible for additional special monthly compensation. These benefits are not subject to federal or state income tax.

NATIONAL GUARD /SELECT RESERVE

Reservists who serve on active duty establish veteran status and may be eligible for the full range of VA benefits, depending on the length of active military service and a discharge or release from active duty under conditions other than dishonorable. In addition, reservists not activated may qualify for some VA benefits.

National Guard members can establish eligibility for VA benefits if activated for federal service during a period of war or domestic emergency. Activation for other than federal service does not qualify guard members for all VA benefits.

Claims for VA benefits based on federal service filed by National Guard members should include a copy of their military orders, presidential proclamation or executive order that clearly demonstrates the nature of their federal service.

MILITARY RETIRED PAY

Historically, veterans have not been permitted to receive full military pay and VA compensation for benefits at the same time. Veterans who were entitled to both have had to either waive a portion of their retirement equaling the amount of awarded VA compensation or elect not to receive VA compensation at all. Receiving both benefits and retirement pay is commonly known as "concurrent receipt."

In 2004, Congress passed the Concurrent Retired and Disability Pay Act, allowing many veterans to receive 100 percent of the military retirement and VA compensation. Because of the complexity of this issue, visit www.dfas.mil for more information.

VA DISABILITY PENSION BENEFIT FOR WARTIME VETERANS

A non-Service-Connected Disability VA Pension is a benefit paid to wartime veterans who have limited or no income, and who are age 65 or older, or under 65 and are permanently and totally disabled, a patient in a nursing home or are receiving Social Security disability payments. The amount that's payable depends upon the type and amount of income the veteran and family members receive from other sources.

WHAT IS eBenefits?

eBenefits is a joint VA/DoD web portal that provides resources and self-service capabilities to veterans, service members, and their families to research, access and manage their VA and military benefits and personal information. eBenefits uses secure credentials to allow access to personal information and gives users the ability to perform numerous self-service functions. It is an essential way for veterans, service members, and their families to receive access to and service from VA and DoD.

WHAT CAN I DO IN eBenefits?

Some of the features within eBenefits allow veterans and service members to access official military personnel documents, view the status of their disability compensation claim, transfer entitlement of Post-9/11 GI Bill to eligible dependents (service members only), and register for and update direct deposit information for certain benefits.

HOW DO I ACCESS eBenefits?

eBenefits is located at www.ebenefits.va.gov. Before veterans or service members can access and use eBenefits they must be listed in the Defense Enrollment Eligibility Reporting System (DEERS) and obtain a DS Logon. They can choose from two levels of registration, DS Logon Level 1 (Basic) and DS Logon Level 2 (Premium).

WHAT IS A DS LOGON?

A DS Logon is a secure identity (username and password) that is used by various DoD and VA websites, including eBenefits. If you are already registered in DEERS, you are eligible for a DS Logon. Once you have a DS Logon, it is valid for the rest of your life.

Veterans who are more seriously disabled may qualify for Aid and Attendance or Housebound benefits. These benefits are paid in addition to the basic pension rate. Monthly payments are made to qualified veterans to bring their total income to a congressionally established support level (including other retirement and Social Security income).

AID AND ATTENDANCE (A & A)

An A&A benefit is paid in addition to monthly pension. A&A is allowed if the veteran: requires the aid of another person in order to perform his or her daily living activities; is bedridden; is a patient in a nursing home due to mental or physical incapacity; or has corrected visual acuity of 5/200 or less, in both eyes, or concentric contraction of the visual field to 5 degrees or less.

HOUSEHOLD BENEFITS

A&A may not be paid without eligibility for pension. Qualifying veterans must have a single permanent disability (rated 100 percent disabled), and need assistance, or have a single permanent disability (100 percent disabled) and another disability, or disabilities, evaluated as 60 percent or more disabling.

A veteran cannot receive both A&A and Household Benefits at the same time.

CAMP LEJEUNE WATER CONTAMINATION KNOW YOUR OPTIONS

VA

U.S. Department
of Veterans Affairs

I'm a Veteran who believes I was exposed to contaminated water at Camp Lejeune, what can VA do for me?

Since 2012, Veterans who served on active duty in the Armed Forces at Camp Lejeune for 30 days or more between August 1, 1953, and December 31, 1987, have been eligible for hospital care and medical services for any of 15 illnesses or conditions identified in the Honoring America's Veterans and Caring for Camp Lejeune Families Act of 2012, as amended (codified at 38 U.S.C. § 1710(e)(1)(F)). Veterans are also eligible to enroll in VA health care for other services they may require.

Veterans, Reservists, and National Guard members who served at least 30 days at Camp Lejeune between August 1, 1953, and December 31, 1987, and later developed one of the following eight diseases: Adult leukemia, aplastic anemia and other myelodysplastic syndromes, bladder cancer, kidney cancer, liver cancer, multiple myeloma, non-Hodgkin's lymphoma, and Parkinson's disease, are eligible for disability compensation benefits.

For more specifics about VA benefits related to Camp Lejeune contaminated water, to include how to file a claim, visit www.VA.gov/CampLejeune or call 1-800-MyVA411.

What impact does the PACT Act have on Veterans and families who were exposed to contaminated water at Camp Lejeune?

On August 10, 2022, the President signed into law the Honoring our PACT Act (Public Law 117-168). Section 804 of this law is the Camp Lejeune Justice Act of 2022 ("CLJA"), which allows new lawsuits for individuals exposed to contaminated water at Camp Lejeune.

Whether Veterans and family members decide to seek relief under the CLJA is entirely their decision and will not influence VA's decision to provide them benefits or health care based upon their exposure; it also will not affect the amount of benefits or health care VA can provide them.

It is important to know, however, that if a Veteran or family member is awarded relief by the court in a lawsuit brought under the CLJA, the award must be offset by the amount of any disability award, payment, or benefit VA provided to the Veteran, family member, or their legal representative relating to exposure to water at Camp Lejeune. This would reduce the amount of the award Veterans or family members receive from the court, but it would not affect their VA benefits.

I'm seeing a lot of commercials about benefits I may be entitled to based on my time at Camp Lejeune. Are these ads connected to VA?

Lawyers, firms, and others have engaged in extensive advertising offering to represent Veterans in CLJA actions. These entities are not connected with VA benefits or services. Be aware that these entities may charge you a fee for legal representation.

Will seeking relief under the CLJA impact my VA benefits or health care?

Your VA compensation benefits or health care services will not be impacted if you file a lawsuit. If you are awarded relief from a CLJA lawsuit, your VA benefits will not be reduced, and your eligibility for other VA benefits or services will not be affected.

Will my court awarded relief (from filing a lawsuit) be impacted by VA benefits and services I already receive?

Yes, potentially. If you already receive VA benefits or services (disability pay or health care services) for conditions related to the contaminated water at Camp Lejeune, the court awarded relief will be offset by the amount of any disability award, payment, or other benefit VA provided to you related to your exposure at Camp Lejeune.

What if I file for VA disability AFTER I receive an award from my lawsuit brought under CLJA, will VA reduce my benefits as a result?

No. Any action you take or award you receive under the CLJA will not influence VA's decision to provide you benefits or health care based upon your exposure or the amount of compensation you receive from VA.

CAMP LEJEUNE WATER CONTAMINATION KNOW YOUR OPTIONS

U.S. Department
of Veterans Affairs

How can I find the status of my CLJA case?

The Department of Justice established a phone number and email address for anyone with questions regarding the status of cases filed in Federal court under the CLJA. The phone number is (202) 353-4426, and the email is camplejeune.pactact@usdoj.gov.

I've heard scammers are taking advantage of CLJA to commit fraud. How can I avoid these fraudsters?

Lawsuits under the CLJA are not related to VA benefits claims, and a lawsuit is not required to receive VA compensation benefits related to Camp Lejeune presumptive conditions. Veterans should be cautious of companies that advertise that VA benefits cannot be obtained without their help. VA and Veterans Service Organizations do not charge fees for assisting claimants in filing disability compensation claims. Check out organizations that provide free assistance with claims for VA benefits at www.VA.gov/ogc/apps/accréditation/index.asp. To report suspected fraudulent activity involving VA benefit claims, please contact vaohotline@va.gov or call (800) 488-8244.

My spouse served in the U.S. Marine Corps, and we lived on Camp Lejeune during the impacted times. He has since passed away. What are my options under the CLJA?

Under the CLJA, anyone who resided, worked, or was otherwise exposed (including in utero exposure) to water at Camp Lejeune for at least 30 days between August 1, 1953, and December 31, 1987, may bring an action in the United States District Court for the Eastern District of North Carolina to obtain appropriate relief for harm that was caused by exposure to the water at Camp Lejeune.

Claims under the CLJA must be filed initially with the Department of the Navy. Information on filing CLJA claims for personal injury or wrongful death can be found at: www.jag.navy.mil/organization/code_15_Camp_Lejeune_Claims.htm

I am a family member of a Veteran, and I believe I was exposed to contaminated water at Camp Lejeune – what are my options?

In addition to filing a claim under the CLJA, VA may be able to provide you with benefits and health care for certain conditions. VA will provide payment or reimbursement for hospital care and medical services provided to a Camp Lejeune family member by a non-VA provider in certain situations. Contact VA to discuss your options.

Will VA treat my Camp Lejeune contaminated water related health care conditions without a lawsuit or disability claim?

Yes, you do not need court awarded relief or a VA compensation benefits decision for VA to provide health care services needed to treat related illnesses if you meet eligibility requirements established in law. Contact VA immediately to understand the resources available to you.

BURIAL & CEMETERY BENEFITS at a NATIONAL CEMETERY

The U.S. Department of Veterans Affairs (VA) Benefits Administration oversees a burial benefits program designed to assist claimants in meeting the funeral and burial costs of a deceased veteran. The VA does not make funeral arrangements with a funeral provider or cremation office. You should advise your family of your wishes and where your discharge papers are kept. These papers are very important in establishing your eligibility. You may wish to make pre-need arrangements with a funeral home.

SERVICE-CONNECTED DEATH

If a veteran's death is service-connected, the VA will pay burial allowance of up to \$2,000 for deaths on or after Sept. 11, 2001. If the veteran is buried in a VA national cemetery, some or all of the cost of moving the veteran's body to the national cemetery nearest the veteran's home may also be reimbursed. There is no time limit for applying for a service-connected burial allowance. The person who bore the veteran's burial expense may claim reimbursement from any VA regional office.

NON-SERVICE-CONNECTED DEATH

If a veteran's death is not service-connected, there are two types of payments the VA may make: burial and plot expense allowances. The VA will pay a burial and plot allowance if the veteran was discharged under conditions other than dishonorable and the veteran was in receipt of VA pension or compensation at the time of death. If a veteran died while in a VA facility or as a patient at an approved state nursing home, the VA may also pay this allowance.

BURIAL PLOT ALLOWANCE

When a veteran is buried in a cemetery that is not under the U.S. government jurisdiction, the VA may also pay a plot allowance, provided that the veteran was discharged under a condition other than dishonorable

and met other qualifications similar to that of a non-service-connected death.

FILING A CLAIM FOR REIMBURSEMENT OF EXPENSES

To file for reimbursement of burial expenses, an Application of Burial Allowance form must be submitted to the VA. The person filing the claim must also provide a certified copy of the veteran's death certificate and proof of the veteran's military service (Form DD-214), and itemized bills of the funeral and burial expenses.

BURIAL FLAG

A United States flag is provided, at no cost, to drape the casket or accompany the urn of a deceased veteran who served honorably in the U.S. Armed Forces. It is furnished to honor the memory of a veteran's military service to his or her country. When burial is in a national, state or post cemetery, a burial flag will not automatically be provided. Burial flags must be requested via Military Honors by the funeral or family. When burial is in a private cemetery, the funeral director will generally help the next of kin with this process.

HEADSTONE AND MARKERS

The Department of Veterans Affairs (VA) furnishes upon request, at no charge to the applicant, a Government headstone or marker for the unmarked grave of any

deceased eligible veteran in any cemetery around the world, regardless of their date of death. For eligible veterans that died on or after Nov. 1, 1990 and whose grave is marked with a privately purchased headstone, VA may also furnish a headstone or marker to supplement the grave or a medallion to be affixed to the privately purchased headstone. Eligible veterans are entitled to either a government-furnished headstone or marker, or the new medallion, but not both.

BRONZE MEDALLIONS FOR HEADSTONES AND MARKERS

The Department of Veterans Affairs (VA) may also provide a medallion, by request, to be affixed to an existing privately purchased headstone or marker to signify the deceased's status as a veteran. If requested, the medallion is furnished in lieu of a traditional government headstone or marker for veterans that died on or after Nov. 1, 1990, and whose grave is marked with a privately purchased headstone or marker.

BURIAL AT SEA

The VA National Cemetery Administration cannot provide burial at sea. For information, contact the U.S. Navy Mortuary Affairs office toll free at: **(866) 787-0081**

MILITARY FUNERAL HONORS

The Department of Defense (DoD) is responsible for providing military funeral honors. "Honoring Those Who Served" is the title of the DoD program for providing dignified military funeral honors to veterans

who have defended our nation. Visit the North Carolina Veterans Affairs website for further information and instructions about this service.

<https://www.milvets.nc.gov/benefits-services/nc-veterans-cemetery-program>

PRESIDENTIAL MEMORIAL CERTIFICATES

A Presidential Memorial Certificate (PMC) is an engraved paper certificate, signed by the current president, to honor the memory of honorably discharged deceased veterans.

SURVIVOR BENEFIT PLAN

When a military retiree dies, their retirement pay stops. This means that the surviving spouse no longer receives income. If a veteran is a military retiree, thought needs to be given as to how to protect the spouse from hardships caused by the loss of the retirement pay.

One option available is the Survivor Benefit Plan (SBP). The SBP is an insurance plan that will pay the veteran's surviving spouse a monthly payment (annuity) to help make up for the loss of retirement income. The plan is designed to protect survivors against the risks of the veteran's early death, a survivor outliving the benefits, and inflation.

Survivors should report retiree deaths to the Defense Finance and Accounting Services (DFAS) casualty office at: **(800) 321-1080**.

DEATH PENSIONS

Survivors' (Death) Pension is a needs-based benefit paid to an unmarried surviving spouse, or an unmarried child, who meets certain age or disability requirements, of a deceased wartime veteran.

In order to qualify for a VA Death Pension, the VA calculates income received from most sources by the surviving spouse and any eligible children. It includes earnings, disability and retirement payments, unemployment insurance payments, interest and dividends payments, and net income from farming, business or rental property.

If the income is below a certain level, the dependent or surviving spouse may be eligible for this pension.

BURIAL BENEFITS

Dependents and surviving spouses of an eligible veteran are eligible to be buried in national cemeteries.

When a death occurs and eligibility for interment in a national cemetery is determined, grave space is assigned by the cemetery director in the name of the veteran or family member. One gravesite is permitted for the interment of all eligible family members, unless soil conditions

or the number of family descendants necessitate more than one grave. There is no charge for burial in a national cemetery.

HEADSTONES AND MARKERS

Spouses and dependents are not eligible for a government-furnished headstone or marker unless they are buried in a national cemetery, state veteran's cemetery, or military post/base cemetery.

According to U.S. Department of Veterans Affairs, more than 2 million women Veterans live in the U.S. today. Women are the fastest growing group in the Veterans population, from 4% in 2000 to 18% as per projection for 2040. They served across all military branches and divisions. Women Veterans are also racially and ethnically diverse, 43% of the women who used VA Health Services in FY20 belonged to a racial or ethnic minority group.

NORTH CAROLINA WOMEN VETERANS

In 2020, North Carolina ranked 6th in the United States in its population of women veterans while ranking 8th in total veteran population. Women veterans are the fastest growing segment of vets nationally, and in North Carolina constitute 11 percent currently with projections of 17 percent by 2040.

WOMEN VETERANS DATA

- Are older than women non-veterans.
- A higher percent of women veterans is African American compared to non-veterans. In contrast, the percent of women veterans who are Hispanic is significantly lower than those of non-veterans.
- A higher percent of women non-veterans has never married compared to women veterans.
- Women veterans have a higher median household income than women non-veterans.
- A higher percent of women veterans work for the government compared to women non-veterans.
- A higher percent of women veterans has higher education attainment and are enrolled in higher education compared to women non-veterans.

Women have volunteered to serve in the U.S. military since the American Revolution. Today they constitute approximately 18 percent of new recruits, 17.4 percent of the 1.3 million active-duty servicemembers, 25 percent of the 347,800 reserve component, and 20 percent of the 446,000 National Guard force. More than 300,000 women have served Post 9/11 in Afghanistan and Iraq. While the number of male veterans has declined in 2020, the number

of women veterans is expected to continue to increase by 10 percent of the veteran population. Women who served our country in the military are strong and heroic, but their contributions have been underrecognized even by the women themselves. We identified serious gaps in every aspect of the programs that serve women, including health care, employment, finance, housing, social issues and the eradication of sexual assault. Many women who return from deployment are made stronger by their experiences, but a significant number have difficulty with transition and need support from healthcare/behavioral health services and all aspects of social supports. Research conduct by the VA shows that almost one in five women veterans has delayed or gone without needed care in the prior 12 months. Additionally, women have difficulty translating their military experience into civilian employment. The North Carolina Department of Military and Veterans Affairs (NC DMVA) is committed to providing information, advocacy, outreach, and support to all women veterans and their families in the state. The NC DMVA also seeks to ensure that women veterans are aware of their federal and state benefits so they can obtain the unique services and resources that are available to them. NC MILITARY SPOUSE APPRECIATION DAY

Military Spouse Appreciation Day is a national observance created by President Reagan in 1984 to recognize the sacrifices and support of military spouses. It is officially observed the Friday before Mother's Day. The day is set aside to acknowledge and show appreciation for all military spouses, who play a vital role in the lives of their families while their spouse fulfills their duty to our country.

The NC Department of Military and Veterans Affairs pays tribute to all Armed Forces Spouses in the State of North Carolina each May. For more details visit our website at www.milvets.nc.gov

NORTH CAROLINA WOMEN MILVETS SUMMIT AND EXPO

The North Carolina Women Milvets Summit and Expo is an event whose purpose is to empower military and veterans women to live healthy, happy lives, become successful leaders in their communities, and to advocate on behalf of other women veterans. Women veterans throughout the state participate in this event to share their stories and exchange ideas about business, entrepreneurship, educational and career opportunities, and health and wellness. The event features state, local and federal exhibitors, a speaking program, and a series of networking and breakout sessions.

NORTH CAROLINA DEPARTMENT OF COMMERCE

NCWorks Veterans Services, provided by the N.C. Commerce Department's Division of Workforce Solutions, assists veterans, transitioning service members, and eligible military spouses. Women veterans can visit their local NCWorks Career Center and take advantage of no-cost services, including career assessments, job interview preparation, resume and cover letter assistance, access to computers, free internet service, and help with applying for employment and training opportunities. Some veterans face significant barriers that make it difficult for them to find suitable employment. Most NCWorks Career Centers have specialized staff—all of whom are veterans—who work closely with employers to create more opportunities for these veterans and provide them with referrals to supportive services including vocational rehabilitation, transportation, elder care, food and nutrition services, and non-profit organizations that address housing and homelessness. The VA is taking steps to improve and expand services for women veterans who are homeless or at risk of becoming homeless. Many women veterans face challenges when returning to civilian life that are different from those of their male counterparts, including raising children on their own or dealing with the psychological after effects of events such as military sexual trauma. These issues, without intervention, can put women veterans at greater risk of becoming homeless.

VA VETERANS HEALTH ADMINISTRATION (VHA)

The Veterans Health Care Act of 1992 authorized new and expanded services for women veterans. These services include: counseling for trauma related to sexual assault; specific health care services such as Pap smears, mammography, and general reproductive health care at VA facilities; and mental health services that include substance abuse counseling, evaluation and treatment of Military Sexual Trauma (MST) and post-traumatic stress disorder (PTSD).

The VHA encourages all women between ages 50 and 75 to get mammograms every two years. If your health care provider recommends a mammogram outside of this age range, the VA will still provide it.

The Department of Veterans Affairs Mobile Mammography Unit provides access to mammography screening at selected VA Health Care Centers in North Carolina, and is one of only two regional mobile radiology units in the US. The Mobile Mammography Unit features digital mammography technology; all-female technologists; a private changing room with separate clinical exam room; and the privacy and comfort of a traditional screening center with the convenience of a fully functioning mobile unit.

Maternity care is covered in the medical benefits package to include care for newborn children of women veterans for up to 7 days after birth. VA is also mandated to implement pilot programs to provide child care to women veterans receiving medical care, and to provide readjustment services to women veterans. Infertility evaluation and limited treatments also are available.

The Women Veterans Health Program promotes the health, welfare, and dignity of women veterans and their families by ensuring equitable access to timely, sensitive, and quality healthcare. There is a full-time Women Veteran Program Manager at every VA Medical Center, a Women's Liaison at every community-based outpatient clinic, and a Women Veterans Coordinator at every regional office. **VA Women Veterans Health Care** (www.womenshealth.va.gov)

MILITARY SEXUAL TRAUMA

Other experiences that fall into the category of MST include unwanted sexual touching or grabbing; threatening, offensive remarks about a person's body or sexual activities; and/or threatening or unwelcome sexual advances.

Both women and men can experience MST during their service. All veterans seen at Veterans Health Administrations facilities are asked about experiences of sexual trauma because they know that any type of trauma can affect a person's physical and mental health, even many years later. People can recover from trauma and the VA has free services to help veterans do this.

You do not need to have a VA disability (service connected) rating to receive these services and may be able to receive services even if you are not eligible for other VA care. You do not need to have reported the incident(s) when they happened or have other documentation that they occurred.

For more information, veterans can speak with a VA healthcare provider, contact the MST Coordinator at their nearest VA Medical Center, or contact their local Vet Center. More MST information can be found at mentalhealth.va.gov.

VETERANS BENEFITS ADMINISTRATION (VBA)

The VA's Women Veterans Coordinators can assist women veterans with the development and handling of claims for gender-specific conditions, including trauma from sexual harassment and assault. A PDF document has been created that addresses women veterans' 25 most frequently asked questions about their benefits, and it can be found along with many other resources on the VA's Center for Women Veterans (CWV) website.

UNITED STATES SMALL BUSINESS ADMINISTRATION (SBA)

In March 2016, the SBA's Office of Veterans Business Development (OVBD) and Office of Women's Business Ownership (OWBO) submitted a report to Congress increasing attention on women veteran-owned small businesses. The report compiles and disseminates information on women veterans and makes recommendations to improve outreach to women veterans, providing them with greater access to procurement, lending, and affordable capital.

Veteran Women Igniting the Spirit of Entrepreneurship (V-WISE) is an entrepreneurial training program for female veterans of all service eras and branches with a passion for and interest in either starting a new small business or growing an existing one. V-WISE enables female veterans to learn business-savvy skills in order to turn their ideas or businesses into growth ventures while recognizing entrepreneurship as an important part of economic growth nationwide. This unique training program was designed specifically by Syracuse University with the Office of Veterans Business Development, SBA, to encourage and support female veterans with an interest in exploring career opportunities in small business ownership.

UNITED STATES DEPT. OF LABOR (DOL)

Women veterans, who comprise 10 percent of the veteran population, but only 2 percent of all working women in America, are a critical segment of today's workforce. Job-hunting can be difficult for anyone, and transitioning veterans may experience culture shock, difficulty translating skills, unfamiliarity with the civilian job search process, and more. Unlike their male veteran peers, women veterans may also experience unique challenges common among non-veteran working women.

Free employment services are available to women veterans nationwide from the DOL Veterans' Employment and Training Service (VETS) Women Veteran Program – these services are targeted to be particularly helpful to women veterans.

As a part of the VETS program, the DOL also funds The Homeless Female Veterans' and Homeless Veterans with Families Program. The program provides supportive services to eligible homeless female veterans and female veterans who are at risk of becoming homeless. The program provides direct services through a case management approach that leverages Federal, State and local resources. Eligible veterans are connected with appropriate employment and life skills support to ensure a successful integration into the workforce.

NC Coalition of Women Veteran Organizations (NC-CWVO)

is a voluntary partnership of organizations that serves women veterans. We are joining forces to target the issues and needs of NC women veterans while building impactful relationships. This collaborative effort allows us to move forward in unity.

NC-CWVO members will work with one another to improve data and methods for tackling unique women veteran issues, as well as sharing them with women veteran providers.

NC-CWVO will provide guidance and information about NC organizations that service women veterans. This is achieved by conferences, webinars, personal consultations, and publications.

NC-CWVOs are community-based organizations and providers who are concerned by the lack of gender specific programs and services currently available to women veterans. We want to ensure inclusion of women veteran only programs in our local and state healthcare facilities.

Our Mission:

- To assist with finding resources for women veterans that can support and improve their livelihood.
- To collaborate with other women veteran organizations and share information across the state to eradicate disconnect.
- To promote responsibility, readiness and resilience with providers who care for our women veterans.

EDUCATION TUITION ASSISTANCE

FOREVER GI BILL

The Harry W. Colmery Veterans Educational Assistance Act of 2017, also known as the “Forever GI Bill,” will bring significant changes to veterans educational benefits over the coming years. Most Changes enhance or expand education benefits for veterans, service members, families, and survivors. (benefits.va.gov/gibill/forevergibill.asp)

POST 9/11 GI BILL

The Post-9/11 GI Bill provides financial support for education and housing to honorably discharged veterans with at least 90 days of aggregate service on Title 10 Active Duty or Title 32 Active Guard Reserve Duty after Sept. 10, 2001, or individuals discharged with a service-connected disability after 30 days. The Post 9/11 GI Bill will pay eligible individuals full tuition and fees directly to the school for all public school in-state students, attending classes at a greater than part-time rate.

A Monthly Housing Allowance (MHA) based on the Basic Allowance for Housing (BAH) for an E-5 with dependents is also provided. Distance learning enrollee’s housing allowance is equal to half the national average BAH for an E-5 with dependents. An annual books and supplies stipend is paid proportionately based on years of active duty service. (GIBill.va.gov)

MONTGOMERY GI BILL

Montgomery GI Bill (MGIB) benefits are available for service members and veterans to help with education and training costs.

MGIB can be used to pay for many different programs including the following degrees; business, technical or vocational courses, distance learning including correspondence courses, apprenticeship/job training, flight training, licensing and certification exams.

VA educational benefits may be used while the service member is on active duty or after the service member’s separation from active duty with a fully honorable military discharge. Discharges “under honorable conditions” and “general” discharges do not establish eligibility.

Eligibility generally expires 10 years after the service member’s discharge. However, there are exceptions for disability, re-entering active duty, and upgraded discharges. (GIBill.va.gov)

FOLDS OF HONOR (PRIVATE)

Folds of Honor proudly stands in the gap, providing scholarships and assistance to the spouses and children of those killed or disabled in service to America.

Of the one million-plus dependents adversely affected by deployments to Iraq and Afghanistan, over 87% do not qualify for federal scholarship assistance. We can honor those who fought for our freedom by serving the families they leave behind.

For more information, go to: www.foldsofhonor.org

TILLMAN MILITARY SCHOLARSHIP (PRIVATE)

The Pat Tillman Foundation's Tillman Military Scholars program supports our nation's active and veteran service members and their families by removing financial barriers to completing a degree or certification program of their choice. Study-related expenses such as tuition and fees, but also other needs, including housing and child care.

To apply, go to www.patillmanfoundation.org

POST-9/11 GI BILL TRANSFER OF ENTITLEMENT

The post-9/11 GI Bill also offers some service members the opportunity to transfer their GI Bill to dependents. An individual approved to transfer an entitlement to educational assistance under this section may transfer the individual's entitlement to the individual's spouse, or one or more of the individual's children or any combination of spouse and child. A family member must be enrolled in the Defense Eligibility Enrollment Reporting System (DEERS) and be eligible for benefits, at the time of transfer to receive transferred educational benefits.

TUITION ASSISTANCE [TOP-UP]

TOP-UP allows the VA to reimburse an individual for all or a portion of the charges for courses that are not reimbursed under certain military education programs. The amount of this benefit can be equal to the differences between the total cost of a college course and the amount of Tuition Assistance that is paid by the military for the course.

To be eligible for the TOP-UP benefit, the person must be approved for federal tuition assistance by a military department and be eligible for Montgomery GI Bill (MGIB)-Active Duty benefits or the Post-9/11 GI Bill.

YELLOW RIBBON GI EDUCATION ENHANCEMENT PROGRAM

This program was enacted to assist eligible individuals with payment of their tuition and fees in instances where costs exceed the most expensive in-state undergraduate tuition at a public institution of higher education.

To be eligible, the student must be a veteran receiving benefits at the 100 percent benefit rate payable, a transfer-of-entitlement-eligible dependent child or spouse of a veteran.

VA will match the school's percentage (up to 50 percent) to reduce or eliminate out-of-pocket costs for eligible participants.

To receive this benefit, your school must agree to participate in the Yellow Ribbon Program.

RESIDENCY FOR TUITION PURPOSES

An applicant's tuition residency status is typically determined based on responses he or she provides as part of the admissions application. According to the North Carolina General Assembly, a student qualifies as a resident for tuition purposes if he or she has an established legal residence (domicile) in North Carolina and maintained that legal residence for at least 12 continuous months prior to being considered for in-state residency.

To be eligible, you must be the dependent or spouse of a veteran who died or is permanently and totally disabled as the result of a service-connected disability, a veteran who died from any service-connected disability, a service member missing in action or captured in line of duty, a service member forcibly detained or interned in line of duty, or a service member who is hospitalized or receiving outpatient treatment for a service-connected permanent and total disability.

FRY SCHOLARSHIP (PRIVATE)

Children of an active duty member of the Armed Forces who has died in the line of duty on or after September 11, 2001, are eligible for the Marine Gunnery Sergeant John David Fry Scholarship. Eligible children attending school may receive up to their full tuition and fees for a public school or a statutory annual maximum amount for a public school, plus a monthly living stipend and book allowance under this program.

STUDENT LOAN DEBT AND FOR-PROFIT SCHOOLS

Veterans and service members are disproportionately harmed by student loan debt abuses

Nationally, student loan debt has exploded in the past decade, with education borrowing outpacing all other consumer loan debt. Estimates now put outstanding student loan debt at about \$1.4 trillion. Service members and veterans are particularly vulnerable to two areas of abuse that are major causes of the marked increase in student loan debt: loan servicing abuses and exploitation by predatory for-profit schools.

Service members are eligible for student loan benefits and protections under the Service members Civil Relief Act (SCRA), including a 6 percent interest rate cap for loans incurred prior to the start of military service. For many service members, that benefit includes student loan interest. However, some student loan services fail to comply with the SCRA. For example, Navient, the nation's largest student loan servicer, engaged in a pattern of violating the SCRA by failing to provide members of the military the required reduction in student loan interest. And, although disabled veterans who have a 100 percent Total and Permanent disability rating or receive a rating of Individual Unemployability (IU) qualify for student loan discharge, the discharge may not be properly applied to borrowers' accounts. In 2017, the Consumer Financial Protection Bureau and state Attorneys General in Illinois and Washington sued Navient for a variety of abuses, including failing to properly discharge the debt of disabled veterans.

Students at for-profit colleges have less favorable outcomes than others. They are less likely to graduate, more likely to take out student loans, have more debt, and are more likely to default on that debt than students at public or private four-year schools. In North Carolina, only 17.7% of students at for-profit schools complete their degree on time, compared to 56.4% of students at public four-year colleges and universities.

Service members and veterans are disproportionately and aggressively targeted by for-profit colleges seeking to take advantage of the G.I. Bill and other military educational assistance funds. Post-9/11 G.I. Bill funds and Veterans Assistance educational benefits are excluded from what is known as the 90/10 Rule, which prohibits for-profit schools from receiving more than 90 percent of funding from federal financial aid and requires that the remaining 10 percent come from private sources.

Because G.I. Bill funds are not considered federal financial aid under the 90/10 Rule, for-profit colleges aggressively recruit veterans and service members to exploit the loophole and collect as much G.I. Bill revenue as possible. Analysis of Education Department data by the nonprofit Veterans Education Success found that the for-profit sector's dependence on the federal revenue stream from veterans and service members has increased by almost 60 percent – growing from \$727 million in Fiscal Year

www.responsiblelending.org

2011-12 to \$1.15 billion in Fiscal Year 2013-14 for schools that received more than 90 percent of their revenue from federal sources.

Unfortunately, the federal government has rolled back certain consumer protection guidelines for student loan servicers and has proposed to eliminate federal student loan programs that can help service members and veterans reduce student loan debt. Federal developments have also put students of for-profit colleges at risk by delaying protections against failing for-profit programs and by delaying and potentially repealing protections for students who attended fraudulent for-profit schools.

Although protections are being eliminated at the federal level, there are steps North Carolina can and should take at the state level to prevent student loan servicers and for-profit colleges from engaging in abusive practices that prolong the problems of mounting student loan debt for service members and veterans. Those protections can include requiring student loan servicers to apply payments correctly, prohibiting servicers from defrauding or misleading borrowers, requiring that for-profit colleges spend taxpayers' money on instructing students rather than marketing and recruiting, and demanding that for-profit colleges meet minimum outcomes for job placement and student loan repayment rates.
